N Male to SMC Jack Adapter

RF Adapters Technical Data Sheet

ET12509

Configuration

- N Male Connector 1
- SMC Jack Connector 2
- 50 Ohms
- Straight Body Geometry

Features

- N Interface compliant with MIL-STD-348
- SMC Interface compliant with MIL-STD-348
- Gold Plated Contact
- Contact Plating per MIL-G-45204

Applications

- Allows Connection Between Series
- General Purpose Test

Description

Ebeestock's ET12509 type N male to SMC jack adapter is part of our full line of RF components available for same-day shipping. Our type N to SMC adapter has a male to jack gender configuration.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Ebeestock also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size

Length	1.278 in [32.46 mm]
Width	0.8 in [20.32 mm]
Weight	0.068 lbs [30.84 g]

Type	N Male	SMC Jack
Polarity	Standard	Standard
Interface Specification	MIL-STD-348	MIL-STD-348
