

MMCX Jack to BNC Male Adapter

# RF Adapters Technical Data Sheet

ET1225

2

# Configuration

- MMCX Jack Connector 1
- BNC Male Connector 2

- 50 Ohms
- Straight Body Geometry

## Features

- MMCX Interface compliant with MIL-C-39012
- BNC Interface compliant with MIL-STD-348
- Gold Plated Contact
- Contact Plating per MIL-G-45204

MIL-STD-348

## Applications

• Allows Connection Between Series

General Purpose Test

### Description

Ebeestock's ET12252 MMCX jack to BNC male adapter is part of our full line of RF components available for same-day shipping. Our MMCX to BNC adapter has a jack to male gender configuration.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Ebeestock also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

## Mechanical Specifications

Size					
Length	1.115 in [28.32 mm]				
Width	0.57 in [14.48 mm]				
Weight	0.034 lbs [15.42 g]				
Type	MMCX Jack	BNC Male			
Polarity	Standard	Standard			

MIL-C-39012
