# Configuration

- MCX Jack Connector 1
- MCX Jack Connector 2

- 50 Ohms
- Straight Body Geometry

## Features

Gold Plated Contact

## Applications

General Purpose Test

### Description

Ebeestock's ET12383 MCX jack to MCX jack adapter is part of our full line of RF components available for same-day shipping. Our MCX to MCX adapter has a jack to jack gender configuration.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Ebeestock also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

## Mechanical Specifications

Size					
Length	0.74 in [18.8 mm]				
Width	0.22 in [5.59 mm]				
Weight	0.006 lbs [2.72 g]				
Type	MCX Jack	MCX Jack			
Polarity	Standard	Standard			

Material Specifications						
	Connector 1		Connector 2			
Type	MCX Jack		MCX Jack			
Contact		Gold		Gold		
Insulation	PTFE		PTFE			
Outer Conductor	Brass	Nickel	Brass	Nickel
