- SC Female Connector 2
- 50 Ohms

- Straight Body Geometry
- Bulkhead Mount Method

Features

- SC Interface compliant with MIL-STD-348
- Silver Plated Contact

Contact Plating per QQ-S-365

Applications

General Purpose Test

Rack Mounted Equipment

Description

Ebeestock's ET12609 SC female to SC female bulkhead adapter is part of our full line of RF components available for same- day shipping. Our SC to SC adapter has a female to female gender configuration. This RF SC to SC bulkhead adapter allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Ebeestock also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size			
Length	1.8 in [45.7	72 mm]	
Width	0.96 in [24	.38 mm]	
Weight	0.144 lbs [65.32 g]		
Type	SC Female	SC Female	
Polarity	Standard	Standard	
Interface Specification	MIL-STD-348	MIL-STD-348
