

TNC Male to UHF Female Adapter

RF Adapters Technical Data Sheet

ET1283

6

Configuration

- TNC Male Connector 1
- UHF Female Connector 2

- 50 Ohms
- Straight Body Geometry

Features

Typical VSWR of 1.3:1 up to 300 MHz

Gold Plated Brass Contact

Applications

• Allows Connection Between Series

General Purpose Test

Description

Ebeestock's ET12836 TNC male to UHF female adapter is part of our full line of RF components available for same-day shipping. Our TNC to UHF adapter has a male to female gender configuration. ET12836 TNC male to UHF female adapter operates to 300 MHz.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Ebeestock also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

ectrical Specifications					
Frequency Range	DC	300	MHz		
VSWR	1.3:1				
Electrical Specification Notes: Values at 25°C, sea level.					
echanical Specifications Size					
Length	1.29 in [3	32.77 mm]			
Width	0.625 in [15.88 mm]				
Weight	0.061 lbs	s [27.67 g]			
Type	TNC Male	UHF Female			
Polarity	Standard	Standard
